📍 Battenheim, France 🚗 Mobility FR | CH | LU

📅 Born June 09, 1979 in Mulhouse, France

Product Owner specialising in document management, I rely on more than twenty years of experience in **ECM/DMS** solutions to bridge the gap between business needs and technical reality.

Accustomed to driving enhancements, structuring a *backlog*, and coordinating **cross-functional teams**, I ensure that operational requests are transformed into reliable, coherent and value-driven solutions.

My approach combines analysis, **prioritisation and continuous dialogue** with stakeholders to deliver a product that is **relevant, controlled** and adaptable.

6d CORE COMPETENCIES

Product Ownership:	Backlog management, value-based prioritization, user stories, business workshops, KPIs, team coordination
ECM & DMS:	Documentum, Alfresco, AEM, SharePoint, business integrations, archiving
Functional Architecture:	SSO/AD, document workflows, classification models, functional impact analysis
Methods:	Scrum, Kanban, SAFe, ITIL, ALM, Lean IT
Monitoring:	Dashboards, availability, usage , supervision (Grafana, ELK, Prometheus)
Security & Compliance:	GDPR, ISO 27001, GxP, risk management
Additional Tech:	Docker, Kubernetes, Ansible, CI/CD, Terraform, Azure
Leadership:	Agile ceremonies, communication , user support, mentoring

📁 PROFESSIONAL EXPERIENCE

July 2024
April 2017

Senior Consultant, **DBI SERVICES**, Basel, Switzerland

Consultant for NOVARTIS, BANK FOR INTERNATIONAL SETTLEMENTS, JOHNSON & JOHNSON, UNITED NATIONS, CITY OF GENEVA, DIE MOBILIAR, AUDEMARS PIGUET, LA MUTUELLE ...

Product Ownership & ECM/DMS Governance :

- End-to-end **product lifecycle management** for ECM/DMS platforms and steering of value-driven enhancements.
- Business workshops and analysis to **capture requirements** and formalize user stories.
- Backlog organization and prioritization based on value, dependencies, and team capacity.
- Definition and monitoring of **product KPIs**, user feedback and adoption metrics.
- Cross-functional coordination with IT, Security, QA, and Operations.

Functional Architecture & Document Integrations :

- Contribution to **ECM architecture** decisions and definition of document rules and standards.
- Impact analysis and scoping of **API, SSO, microservices** integrations.
- Oversight of patches, upgrades, and security/quality requirements.
- Collaboration with development teams to ensure **functional consistency** across solutions.

Reliability, Performance & Service Continuity :

- Dashboards for monitoring availability, usage patterns, and incident trends.
- Management and prioritization of **critical incidents** with L2/L3 teams.
- Contribution to GDPR/GxP reviews and risk assessments.
- Participation in **releases**, deployments and functional testing.

Product Leadership, Communication & User Enablement :

- **Product reference role**: guidance, decision-making and stakeholder alignment.
- Facilitation of agile ceremonies: refinements, planning sessions, demos.
- Clear communication of priorities, risks and product decisions.
- Mentoring and dissemination of ECM best practices.

March 2017
January 2011

Production Engineer, ATOs, France

Consultant Engineer for PRICEWATERHOUSECOOPERS, GDF SUEZ, GIVAUDAN, BNP CARDIF, ATOS, VEOLIA

ECM Governance & Support :

- Administration and operational management of ECM and SharePoint platforms, and coordination with business teams.
- Definition of standards and procedures to ensure quality, availability and compliance.
- Knowledge transfer and support for internal and offshore teams.

Application Architecture & Integration :

- Contribution to the design and integration of document applications within the IT ecosystem.
- Coordination with development and infrastructure teams to ensure consistent architectures.
- Deployment of application updates and management of major incidents.

Continuity & Automation :

- Support in implementing Disaster Recovery Plans (DRP) and securing critical data.
- Level 3 support and supervision of ECM and SharePoint environments.
- Automation and optimization of processes using internal tools and scripting.
